

I'm sure everybody has heard the horror stories surrounding an event where someone hired a DJ because they were a "friend of a friend"; only to find out they were not qualified to handle the small details involved in making an event run smoothly. More times than not I have heard from my customers how a DJ company never even bothered to show up. Or when they did show up they had a handful of CD's in a milk crate and attempted to play them with home stereo equipment. Big T's Entertainment uses only the finest state of the art, professional disk jockey equipment. We know how to read a crowd and make things fun. Call today for a price quote or to book a show.

Big T's Entertainment is a full time DJ company and we are proudly sponsored by Miller Lite, 98 Country and Mainstreet Music. DJ entertainment is our main focus, not just something we do on weekends for extra cash. We are located in Sauk Rapids, MN and serve the Twin Cities and as far north as Bemidji and all surrounding areas of Central Minnesota.

Every single event performed by Big T's Entertainment receives superb personalized service. Our goal is to always exceed our customer's expectations no matter what. By keeping these our priorities, we are guaranteeing you the finest entertainment possible.
